Fighting Against Forced Labour and Child Labour in Supply Chains Annual Compliance Report

Introduction

This report has been created in compliance with Bill S-211, *Chapter 9 An Act to enact the Fighting Against Forced Labour and Child Labour in Supply Chains Act and to amend the Customs Tariff*. This report is submitted on behalf of Del Fresco Produce Ltd.'s related corporate entity, Sunrite Greenhouses Ltd. This report is required Under Part 2, Section 11, and will include the following information in compliance with Subsection 3 (a-g) of this Act as it relates to the entities subject to reporting:

- their structures, activities, and supply chains
- their policies and their due diligence processes in relation to forced labour and child labour
- the parts of their business and supply chains that carry a risk of forced labour or child labour being used and the steps it has taken to assess and manage that risk
- any measures taken to remediate any forced labour or child labour
- any measures taken to remediate the loss of income to the most vulnerable families that results from any measure taken to eliminate the use of forced labour in its activities and supply chains
- the training provided to employees on forced labour and child labour
- how the entities assess their effectiveness in ensuring that forced labour and child labour are not being used in their business and supply chains

This report will include and/or reference supporting evidence from the previous fiscal year related to corporate efforts made by the reporting entities to prevent forced and child labour activities both internally and in our supply chain.

Reporting Entity Information

This report applies to the following business entities:

Legal Name: Sunrite Greenhouses Ltd.

Business Number: 868195132

Location: Kingsville, ON

Fiscal Reporting Year: Jan.1-Dec. 31, 2024

Sector: Agriculture

Corporate Structure, Activities, and Supply Chain

Sunrite Greenhouses Ltd. is a greenhouse operation located in southwestern Ontario that is owned and operated by Jamie D'Alimonte and Carl Mastronardi. Operation of this greenhouse is for the sole purpose of selling fresh produce to parent company Del Fresco Produce Ltd. Del Fresco Produce Ltd. imports, exports fresh produce, and markets fresh produce under the Del Fresco Pure brand in Canada and the United States. For the purposes of this report, Del Fresco Produce Ltd. does not meet the requirements as an entity for annual reporting, as the parent company it will be referred to and referenced throughout this report as an integral part of the supply chain.

Sunrite Greenhouses Ltd. employs temporary foreign workers through accredited programs to carry out general laboring duties related to primary plant production. Primary plant production is comprised of the growing, maintaining, and harvesting of a variety of tomatoes, peppers, and organic mini cucumbers. Harvested product is sold directly to Del Fresco Produce Ltd. for packaging, storage, sale and distribution to grocery chains and distribution centers in Canada and the United States. Activities related to responsible hiring practices and maintaining compliance with related employment standards are carried out by these entities under policies that have been created to apply to all jointly owned corporations equally.

Del Fresco Produce Ltd. is additionally responsible for import and export of product purchased and sold to companies in Canada and the United States, and uses a number of suppliers to ensure customer needs are continuously met. The activities related to ethical business practices in the supply chain are carried out by Del Fresco Produce Ltd. including but not limited to verification of supplier approval practices. This includes verification via Questionnaire that suppliers have Socially Responsible Procedures in place as well.

Due Diligence

Corporate Policies have been created that apply equally to Del Fresco Produce Ltd., Sunrite Greenhouses Ltd., and any other jointly owned entity. Included in the corporate policy manual is Policy # 056 Forced and Child Labour (see Appendix A page 6).

The Forced and Child Labour Policy outlines company standards and which prohibits both forced labour and child labour, and supports only responsible employment practices. This includes ensuring that all employees hired are legally allowed to work in Canada and at our company, and that at no time in the course of their employment will any terms or agreements be made that puts any person in a position where their freedom to leave their employment is compromised.

Risk Assessment and Mitigation

A Corporate Ethics Risk Assessment is conducted annually, which addresses many areas related to ethical business practices. Forced Labour and Child Labour has been identified as an area of risk, although the risk is very low. While it is possible that any company could practice unethical hiring and recruitment practices, forced labour and/or child labour practices, the probability is low of this occurring for multiple reasons.

Aside from implementing morally sound policies inspired by simple human decency, we aim to abide by Canadian and Provincial Legislation which prohibits activities that contravene the protection of persons and employees, where offenses of violating applicable laws are highly actionable. Both monetary and reputable damages are a risk to any company that would participate in forced labour and child labour activities with an impact of high severity, and therefore it is not in the best interest of the business to participate in these socially irresponsible business practices. Internally, the psychological damage to the working victims of these practices, as well as the lowering of overall company morale, would further add to the devastating loss a company could face.

Sunrite Greenhouses Ltd. utilizes legitimate hiring techniques and platforms such as Indeed.com for job advertising, and reputable programs such as SAWP and FARMS for the hiring of temporary foreign workers. Employment contracts are provided to employees and agreed upon before the beginning of employment where age and legality is verified in the hiring process, and terms of employment are finalized and agreed upon mutually. Sunrite Greenhouses Ltd. does not hire persons under the age of 18 years. No original documentation is retained by the employer, only copies of necessary identification is taken for record and is stored in a safe manner to protect confidentiality. Employees are free to leave employment at any time they so choose.

Reporting, anonymous reporting and written reporting measures are all available to workers should there be any complaints, with no retaliation or disciplinary action taken against employees for doing so. Employees receive training and refresher training to ensure that all workers know their rights, how and to whom to report issues related to their employment or abuse, violence, harassment, and/or discrimination.

Remediation Procedures

In the event that we find that the controls that we have in place have failed, and we have an incident of child labour, forced labour, and/ or human trafficking to address, it will be immediately reported to the authorities. While an investigation takes place, the companies understand that costs related to ensuring the safety and well-being of the person that has fallen victim to child labour, forced labour, and/ or human trafficking will be the responsibility of the

employer. This could include a hotel room, food, clothing or any other basic needs that must be met until such time that the worker victim can be released from the employer's responsibility safely.

Internally, an investigation and corrective action would take place as well to ensure that this failure is not repeated moving forward.

Training

Employees receive training on our labour related policies including but not limited to the Forced and Child Labour Policy upon hire. Refresher training is provided to all employees each year related to all areas of employment including but not limited to workers' rights and labour related policies. Sunrite Greenhouses Ltd. is dedicated to effectively communicating information to all employees for the protection and well-being of all workers.

Verification of Effective Practices

All policies and procedures are reviewed annually and revised as needed. The Corporate Ethics Risk Assessment is reviewed annually as well. Consideration is given to reports and complaints from employees that may have been made in order to best revise any controls that may show signs of inefficiency. There has not been any incidents of forced labour or child labour at Sunrite Greenhouses Ltd. Incidents of this nature would result in an extensive investigation, corrective action, and the implementation of more effective preventative measures to ensure that the incident is not repeated.

Furthermore, in 2024 Sunrite Greenhouses became certified under the Equitable Food Initiative following a successful Social Responsibility Audit. This audit serves as verification of our policies and procedures related Ethical Employment Standards and Worker Protection.

Action Plan

Annually, we will continue to review our policies and procedures, perform internal auditing, and receive annual compliance verification through EFI. We will utilize our established Leadership team to make continuous improvement to our Social Responsibility Program, and monitor, investigate, and correct any incidents in accordance with our policies and applicable legislation.

- Any automatic deductions that are identified in the employment contract are settled on the last day of employment. If these automatic deductions cannot be settled on the last day of employment, the employer will not require further compensation or make deduction in any other way shape or form.
- Under no circumstances are employees indebted to the employer. Employees are not bonded to the employer or forced to work to compensate for any debt or expenses.
- The employment contract outlines all elements of the employee and employer relationship which is agreed upon by the employee and employer prior to the start of employment. In the case of seasonal workers, contracts are provided through the government entities for the applicable programs and are approved by the home country of seasonal workers.

Child Labour Policy:

- No person under the age of 18 shall be hired for full-time employment. Full-time employees will be compensated in accordance with Ontario Employment Standards, and trained in accordance with the Occupational Health and Safety Act, R.S.O 1990.
- All employees are to be screened and approved by management, where employment contracts will be agreed upon between company and employee prior to the employee's start date.
- Employees are required to provide proof of working eligibility such as a SIN number for payroll purposes, a working VISA or proof of status, Photo Identification, and/or any other verification as requested at the discretion of the company. Employees must register appropriately in order to gain employment with the companies listed in the scope of this policy.
- If Child Labour is found within the workforce, intervention and investigative measures will be conducted immediately, and the company will seek resolution in the best interest of the Child. The appropriate Authorities will be contacted, and corrective action following the investigation and root cause analysis of the event will apply. All measures taken will be documented.
- Corrective actions include but are not limited to:
 - Ensuring the child discontinues work
 - Verifying age, home and family
 - Ensuring child is reunited with family and/r or relatives/community if this is a safe option
 - The development and implementation of a remediation plan considering the needs and desires of the child and their family
 - Ensuring the child has monetary provisions equal to their current wage, or legal minimum requirements for employment, whichever is higher, up until a date when they are no longer a child
